V.I.P. Zone (VZ)	199	299	499	699	899	999	Add 100
Service Manager** (SM)	499	seat based					

Pricing for most add-ins is based on WORKSTATION COUNT. This count is controlled by the number of workstations defined in Store Operations Manager, Database, Registers, Register List. This has no relationship to POS lanes.

¹All prices are USD. Volume licensing is available when purchased for more than 10 store locations.

²Annual Maintenance Plan (AMP) should be calculated at 18% of list price rounded up to nearest dollar. AMPs are required with initial purchase. AMP renewals are 18% of current list price if purchased within 30 days of expiration date. After 30 days rate increases to 36%, then 50% after 90 days, and 100% after 2 years.

³Multi-store discount of 20% applies to all licenses when add-ins are initially purchased for multiple store locations.

*Matrix Master purchased for HQ only is \$699 for HQ and Store #1 or add'l store locations as noted. However, HQ licensing is included at no charge when Matrix Master is licensed for each store location in an HQ environment.

**Service Manager is sold by seat license. Additional full function Service Manager seats are \$199 plus 18% AMP. Please note that POS lanes will continue to run in view/recall mode after trials ends without a license. You only need to license PCs where all functions are required (create/edit/schedule/notify/view/recall).

To place an order or request a quote, please contact your DRS reseller or our sales office by phone or email.

60 day trials are available for most add-ins. At any time during your trial, DRS software can be permanently authorized by entering a registration key.

Prices as shown are effective 3-1-2011 and subject to change without notice.
