

System 1 Includes Microsoft® Retail Management System and DRS Bicycle Bundle™

System 1 is a dedicated register station computer. Components include retail-hardened PC, cash drawer, receipt printer, 19" flat panel display, keyboard with integrated card swipe, and a POS laser scanner. Includes remote installation and basic setup support. This system is the perfect complement to an existing network. To use as standalone system, you'll need to add a report printer (optional). Options include a dedicated barcode printer and touch screen monitor.

Microsoft and Digital Retail Solutions offer software Annual Maintenance Plans (AMPs) for your best value. AMPs provide access to KnowledgeBase articles and include software updates for 1 year.

*HP 3/3/3 warranty — three year parts/labor/on-site service with system purchase.

\$4895

- Lease from just \$174/month
- Add other options (see back)

Shown: retail-hardened HP system*

System 2 System 1 plus a back office server

System 2 is designed for businesses needing the complete solution of a dedicated register station plus back office server and dedicated label printer. Includes remote installation and basic setup support. Options include report printer, touch screen monitor, handheld inventory module, and more.

\$6795

- Lease from just \$229/month
- Add other options (see back)

System 3 Two System 1s plus a back office server

System 3 is designed for businesses that require two complete register stations and a back office server with laser report printer and dedicated barcode label printer. Includes remote installation and basic setup support. Options include touch screen monitor, handheld solutions, and more.

\$10,495

- Lease from just \$390/month
- Add other options (see back)

Unlimited weekday support plans start at just \$69/mo. HP 3/3/3 warranty — three year parts/labor/on-site hardware service with system purchase.
