

# System Price List

## System 1 Includes Microsoft® Retail Management System and DRS Bicycle Bundle™

**System 1** is a dedicated register station computer. Components include retail-hardened PC, cash drawer, receipt printer, 17" flat panel display, keyboard with integrated card swipe, and a POS laser scanner. Includes remote installation and basic setup support. This system is the perfect complement to an existing network. To use as standalone system, you'll need to add a report printer (optional). Other options include a dedicated barcode printer and touch screen.

**\$5995** Reg. \$6495  
... Lease from just \$174/month  
... Add other options (see back)

Microsoft and Digital Retail Solutions offer software Annual Maintenance Plans (AMPs) for your best value. AMPs provide access to KnowledgeBase articles and include software updates for 1 year.

## System 2 System 1 plus a back office server

**System 2** is designed for businesses needing the complete solution of a dedicated register station plus back office server and laser report printer. Includes remote installation and basic setup support.

**\$7895** Reg. \$8495  
... Lease from just \$229/month  
... Add other options (see back)

## System 3 Two System 1s plus a back office server

**System 3** is designed for businesses that require two complete register stations and a back office server with laser report printer and dedicated barcode printer. Includes remote installation and basic setup support.

**\$12,995** Reg. \$13,995  
... Lease from just \$357/month  
... Add other options (see back)
