

System 1 Includes Microsoft® Retail

Management System and Remote Installation

System 1 is a dedicated register station computer. Components include retail-hardened PC, cash drawer, receipt printer, 17" flat panel display, keyboard with integrated card swipe, and a POS laser scanner. Includes remote installation and basic setup support. This system is the perfect complement to an existing network. To use as standalone system, you'll need to add a report printer (optional). Options include a barcode printer, touch screen, and RMS Toolkit.

Microsoft and Digital Retail Solutions offer software Annual Maintenance Plans (AMPs) for your best value. AMPs provide access to KnowledgeBase articles and include software updates for 1 year.

*HP 3/3/3 warranty — three year parts/labor/on-site service with system purchase.

\$3995 Reg. \$4295

- Lease from just \$150/month
- Add other options (see back)

System 2 System 1 plus a back office server

System 2 is designed for businesses needing the complete solution of a dedicated register station plus back office server and laser report printer. Includes remote installation and basic setup support. Options include a barcode printer, touch screen, and RMS Toolkit.

\$5895 Reg. \$6295

- Lease from just \$210/month
- Add other options (see back)

System 3 Two System 1s plus a back office server

System 3 is designed for businesses that require two complete register stations and a back office server with laser report printer and dedicated barcode printer. Includes remote installation and basic setup support. Options include touch screen, RMS Toolkit, and handheld solutions.

\$10,995 Reg. \$11,500

- Lease from just \$390/month
- Add other options (see back)

Unlimited weekday support plans start at just \$69/mo. HP 3/3/3 warranty — three year parts/labor/on-site service with system purchase.
