Mobile Suite 4.1

Mobile realization is now POSSible!

Full solution implementation
Hardware and software

Full wireless capabilities

Real-time record-keeping and updates

Mobile Suite 4.1 by New West Technologies, a leader in business intelligence and systems development, gives companies power over data knowledge and strategic advantage. **Mobile Suite 4.1** increases your business competitiveness by introducing technology that routinely and rapidly reveals the business opportunities hidden within store data. Maximize productivity and increase efficiency through wireless automation. **Mobile Suite 4.1** includes **Mobile Inventory Count**, **Mobile Purchase Order**, **Mobile Work Order**, **Mobile Transfer**, **Mobile Label Printing**, and **Mobile Item Manager**.

- Physical inventory counts
- Create and receive purchase orders
- Barcoded quotes, work orders, and layaways
- Inter-store inventory transfers
- Label and receipt printing
- Add, edit, and manage inventory items

800-322-9471 Canada: 800-353-0268

SPECIALTY RETAIL SPECIALISTS SINCE 1990

Inventory

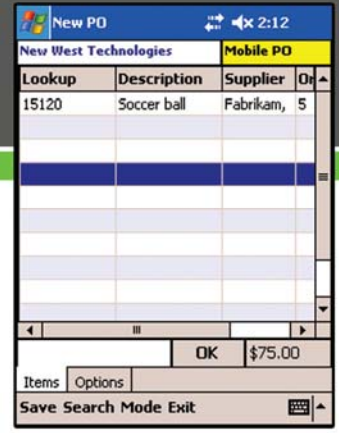

- Add, edit & view items
- Create aliases
- Real-time updates
- Inventory counts
- Inter-store transfers
- Quick receive

Complete inventory management with real-time updating! From receiving new products to inter-store transfers and inventory adjustments, Mobile Suite 4.1 will successfully manage your inventory lists from A to Z.

Orders

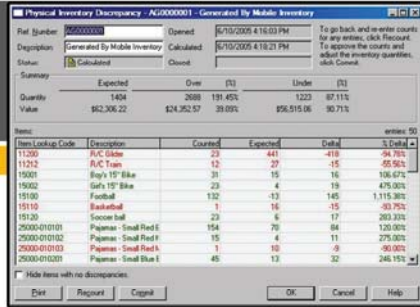

- Purchase orders
- Work orders
- Quotes
- Layaways
- Gift Registry

Everything but the register! Create and edit different orders for your customers, based upon their needs. Recall orders with an ease of use your staff will love.

Integrated

- RMS reporting
- Similar interface
- Custom reports
- Uses your RMS database

Operate from the RMS interface you are familiar with. Use your existing store database. Generate custom reports from your existing customized reporting tools.

Print

- Wireless
- Barcode
- Works with all labels
- Works with all printers

Use the RMS Label Designer you know. By leveraging the most mainstream wireless and barcode technology for all label printers and stock, Mobile Suite 4.1 has the power to meet your print needs.
